

Rita Morais

Graphic & Web Designer

rita.dpmorais@gmail.com

Summary

I am graphic designer with a passion for code, currently in the process of becoming a Front End Designer. With a BA in Communication Design (with Marketing and Design Management) and currently finishing a Nanodegree in Front End Design. I have two years experience in Editorial Design, Illustration and UX/UI design. I have a very plastic, graphic illustrational side, but also a very "engineer" oriented, direct and practical one, therefore I like facing each challenge as a new one, learning from previous experiences but not only reproducing something I'm comfortable doing, I try to always improve my work.

Skills & Expertise
